PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in mobile and web application development using Flutter, Dart, TypeScript, and Swift. Experienced in software development, system testing, bug tracking using Jira, and UI/UX design. Passionate about building reliable, user-friendly software solutions and continuously developing technical skills.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, TypeScript, Dart
- **Mobile Development:** Flutter, SwiftUI, iOS, Android
- **Web & Backend Development:** HTML, CSS, React, Node.js, Express.js, REST APIs
- **Databases:** PostgreSQL, MongoDB
- **Testing & Automation:** Appium, End-to-End Testing, Functional Testing, System Testing
- **Cloud & DevOps:** Firebase Cloud Messaging (FCM), Google Cloud Platform (GCP), Jenkins, Git, GitHub, Bitbucket

EXPERIENCE

Junior Full Stack Software Developer

Conny Tech Sdn Bhd | Ampang, Kuala Lumpur — October 2026 – Present

- Developing an automated end-to-end notification health testing system for mobile applications covering Android and iOS platforms.
- Implementing backend REST APIs using Node.js and TypeScript to coordinate notification test sessions, track delivery evidence, and generate test results.
- Integrating Firebase Cloud Messaging (FCM) with mobile applications to monitor notification acceptance, application receipt acknowledgments, and device display evidence.
- Developing an Appium-based automation framework to simulate mobile application states, using Android emulators and iOS simulators.

Software Developer Intern

Conny Tech Sdn Bhd | Ampang, Kuala Lumpur — March 2026 – August 2026

- Designed application interfaces and interactive prototypes using Figma before implementation.
- Revamped whole HRMS web interface based on user feedback and modern UI/UX principles to improve usability and navigation.
- Developed and maintained mobile application features using Flutter and Dart, resolving bugs and improving application functionality.
- Contributed to both front-end and back-end development of a web-based system using TypeScript.
- Performed functional and system testing, identified and documented software issues, and tracked bug resolution using Jira while collaborating with developers.

EDUCATION

Bachelor of Computer Science with Honors

Universiti Putra Malaysia | Serdang, Selangor — October 2022 – August 2026

CGPA: 3.868

- Gold Award (Top 2), Semi-Final Year Project Competition
  Project: Malaysian Sign Language Translation from Gesture to Text
- Judges' Choice Award, Final Year Project Competition
  Project: Malaysian Sign Language Translation from Gesture to Text
- Gold Award, SULAM UPM
  Project: Malaysian Sign Language Translation from Gesture to Text
- Dean's List Award: Semester 1, 2, 3, 5, 7
- Vice Chancellor Award: Semester 6

Foundation in Physical Science

Kolej Matrikulasi Pahang | Gambang, Pahang — July 2021 – July 2022

CGPA: 4.00

PROJECT

Malaysian Sign Language Translation (Gesture-to-Text Mobile System)

- Developed an iOS application that translates Malaysian Sign Language hand gestures into text using Swift, Vision, Core ML, and Create ML.
- Collected and prepared a custom hand-gesture dataset and trained a hand-pose classification machine learning model using Create ML.
- Integrated the trained Core ML model into the iOS application to perform real-time gesture recognition through

the device camera.
- Implemented the mobile application interface and real-time prediction workflow using Swift and iOS development frameworks.

LEADERSHIP & INVOLVEMENT

Treasurer, Computer Science Club UPM
Universiti Putra Malaysia | Serdang, Selangor October 2024 – July 2025
- Managed club finances, including budgeting, expense tracking, and financial reporting.
- Organized and collaborated with committee members to ensure smooth execution of programs for clubs and student.

Treasurer, Program Asas Sains Komputer
Universiti Putra Malaysia | Serdang, Selangor December 2024
- Managed and monitored program finances and budgeting.
- Taught basic coding concepts to students, introducing fundamental programming skills.
